

Manganese Gluconate

ITEMS	STANDARD
Description	pale peach powder
Identification	meets the requirements
Organic volatile impurities	meets the requirements
Reducing substances	meets the requirements
Water, %	6.0-9.0
Chloride, %	0.05max
Sulfate, %	0.2
Assay, %	98.0%-102.0
Heavy metals, %	0.002max
Lead, %	0.001max
Arsenic, ppm	3 max
Conclusion Compiles with the requirements of USP28Ed	

Chemical Name: Manganese Gluconate;

Molecular Formula: C₁₂H₂₂MnO₁₄

Molecular Weight: 481.27

CAS No: 6485-39-8

Specification: USP/FCC

Characters: pale peach powder

Application: As a nutritional additive effect.

Package: 25kg/Drum.
